

UNIVERSITY OF MINNESOTA MEDICAL CENTER - WEST BANK

IMAGING SERVICES PARKING AND REGISTRATION INFORMATION

Parking

Valet parking is the most convenient parking option for Imaging customers. Valet is available at the hospital's entrance, off 25th Avenue South at Riverside Avenue or in the Gold Ramp across the street from the hospital. Valet and self-park are the same rates. Tips are not expected. Bring your ticket to the Imaging Center for validation to receive the best parking rate.

If you prefer self-park options, the Red Ramp is available. Enter the Red Ramp from 23rd Avenue South off Riverside Ave. Bring your ticket to the Imaging Center for validation to receive the best parking rate for both valet and self-park

Metered street parking is also available.

Entrance and check-in location

If you choose valet parking and enter through the East Buildings main entrance, off 25th Avenue South at Riverside, the Imaging Center (for adult imaging services) is located just past the information desk and the coffee shop in the lobby.

If parking in the Gold Ramp, you can take the tunnel from the ramp to the hospital. Once in the hospital, take the elevators to the first floor. Follow the signs for Diagnostic Imaging.

If parking in the Red Ramp, you will enter the Riverside Professional Building. Follow the signs for the East Building through the Riverside Building and through the West Building. Once you enter the East Building, follow the signs for Diagnostic Imaging.
