

FAIRVIEW PHARMACY SERVICES PGY2 Specialty Pharmacy Administration and Leadership Residency

Purpose Statement

PGY2 pharmacy residency programs build on Doctor of Pharmacy (PharmD) education and PGY1 pharmacy residency programs to contribute to the development of clinical pharmacists in specialized areas of practice. PGY2 residencies provide residents with opportunities to function independently as practitioners by conceptualizing and integrating accumulated experience and knowledge and incorporating both into the provision of patient care or other advanced practice settings. Residents who successfully complete an accredited PGY2 pharmacy residency are prepared for advanced patient care, academic, or other specialized positions, along with board certification, if available.

Program Description

The Specialty Pharmacy Administration and Leadership Residency provides post-graduate training in pharmacy leadership, with an emphasis on specialty pharmacy. This residency program is located at Fairview Pharmacy Services. As a national leader in Pharmacy and Shared Clinical Services, Fairview Pharmacy Services is focused on ambulatory pharmacy and transitions of care in an integrated pharmacy model. The PGY2 Residency Program provides residents with clinical and operational leadership training. Residents will gain extensive management experience in all areas of specialty pharmacy practice within an integrated healthcare system, including but not limited to, pharmaceutical industry strategy management, specialty payer relations management, home infusion services and 340B management. Graduates of this residency program will be prepared for success as a specialty pharmacy leader capable of practicing in and overseeing specialty pharmacy services within a healthcare system.
