PGY-2 Oncology Pharmacy Residency

Program Overview
The Oncology Specialty Residency Program (PGY2) offers 2 positions as a twelve-month program. The primary sites include the University of Minnesota Medical Center (UMMC) and the M Health Fairview Clinic and Surgery Center (CSC). Additional clinic and pharmacy locations within M Health Fairview will serve as additional rotation sites.

At the University of Minnesota Medical Center and M Health CSC, we balance the latest in technology and treatments with patient-centered care. As the core teaching hospital of the University of Minnesota Medical School and College of Pharmacy, our hospital is among the most respected in the nation, providing superior health care results. This program will provide development in clinical and problem solving skills as well as communication, leadership, and teaching in a variety of oncology settings.
