

Client Announcement: October 1, 2018

Change in performing lab:

As noted in previous communications, The HealthEast Care System, including HealthEast Medical Laboratory is now part of Fairview Health Services. Over the last several months, HealthEast Medical Laboratory has been working on transitioning some of the testing we currently refer to Mayo Medical Laboratories to either Fairview, where they perform internally or to ARUP (Associated Regional Pathology Laboratory) based out of Salt Lake City, Utah. ARUP is a nationally renowned referral laboratory associated with the University of Utah.

Please note that the following labs will be performed at ARUP Laboratories starting with orders placed on Tuesday, October 2nd:

Test Name	Order Code	Specimen	Temp.	TAT	CPT	HML List Price
Amphetamines, Urine, Quantitative	LAB3161	Random Urine in a Sterile Screw-Top Container	Room Temperature	96 Hours	80324,80359	\$48.13
