

ANNOUNCEMENT

To: All Hospital Physicians and HML Clients

From: Dr. Kristi Werdin, Microbiology Oversight Pathologist
Marcia Loween, Laboratory Director
Camilla Fischer, Microbiology Manager
Sarah Mason, Microbiology Technical Specialist

Date: March 28, 2019

Subject: Bacterial Antigen Testing Discontinued

Beginning 03/28/2019, HealthEast Medical Laboratories will no longer perform direct bacterial antigen testing. The following test will no longer be available:

Bacterial Antigen Detection (BAD, LAB460)

The manufacturer notified customers that production of the direct bacterial antigen kits has been discontinued.
